

MEPNN Supplier Scouting Opportunity Synopsis

Section 1: General Information

Scouting Number	2024-084
Item to be Scouted	Deburring File
Days to be scouted	30
Description	Looking for a manufacturer who could modify deburring file per spec. Client wants the supplier to purchase the files, modify the files as indicated below, and forward to the client. Client needs to purchase the files only, no bolts
State item to be used in	Washington

Section 2: Technical Information

Type of supplier being sought	Manufacturer
Reason	2nd Supplier
Describe the manufacturing processes (elaborate to provide as much detail as possible)	To trim 14 in file down to 3 in, add countersink holes and chamfering to file per spec. Customer is very specific in needing the holes being able to use the #10 X 1" screw and that the countersink be acceptable so that the screw head sits below the teeth of the file. Customer also needs to be able to flip the file over to use both sides for deburring. Drawing attached
Provide dimensions / size / tolerances / performance specifications for the item	3 inch file with 2 countersunk holes added.
List required materials needed to make the product, including materials of product components	File equivalent to model 14V12 File from Snap On
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Are there any other standards, requirements, etc.?	No
Additional Technical Comments	Drawing attached

Section 4: Business Information

Estimated potential business volume	2000 units per year until client stops requiring.
Estimated target price / unit cost information (if unavailable explain)	\$17-\$20 per file
When is it needed by?	ASAP
Describe packaging requirements	boxed up
Where will this item be shipped?	Washington State
